THE FACTORY

Spanning 9 regions the Factory provides virtual experiences ranging from Art, Music, Film to Beaches and Residential areas. We offer a community for artists and creatives to share and collaborate. We hold regular events and live acts at the Birdcage theater and other venues.

Good morning at home

Workout with Nice

We all need a change from time to time. A change of scenery, a change of people to talk to or more, a change of thinking and perceptions. Stark Islands, sun drenched and easy going, in the heart of ZetaWorlds grid is the ideal holiday location. An adult rated region with nudity preferred but not essential, a rising community of people who follow the great ethos of Love, Pride and Respect under the Rainbow. We are a LGBTQ+ community who tolerate all people irrespective of race, creed, colour, sexual persuasion, furriness, indeed irrespective of all that some in life find intolerable. Homes are available free of charge to ZetaWorld avatars which can be created on the ZetaWorlds website. So take the plunge literally in the pools and ocean off Stark and see life from the relaxed side. You never know, at the end of your holiday you might even like it enough to stay permanently and we would welcome you with open arms!

See you there!
